EXPERIENCE

FrontEnd Developer Intern

Indux Technologies

📅 09/2024   📍 Pune, Maharashtra

- Currently working on a real estate project of Indux Technologies under the guidance of senior developers and designers
- Contributing and integrating code with BackEnd team by implementing dynamic logic at FrontEnd

Web Developer Intern

Colored Cow

📅 07/2023 - 08/2023   📍 Dwarahaat, Uttarakhand

- Created a library management system with other interns by using production grade code
- Experienced a work flow of other developers and learned various things from them
- Worked with Figma for creating the wireframe of our project

PROJECTS

Online Food Ordering Website

📅 05/2024 - 10/2024

Developed a website for users and for restaurant owners for ordering food.

- Technologies Used: Java, SpringBoot, Microservices, SpringSecurity, Maven, PostMan, SQL
- Developed server-side logic and user interfaces
- Implemented and Deployed both FrontEnd and BackEnd.

Smart Contact Manager

📅 06/2023 - 08/2023

Created a web application to save and manage contacts securely online

- Technologies Used: Java, Spring Boot, MySQL, HTML/CSS, JavaScript
- Ensured data security
- Implemented CRUD operations
- Ensured data security

Microservices Management

📅 11/2023 - 01/2024

Developed microservices on backend using different services to remove monolithic architecture

- Technologies Used: Java, SpringBoot, Microservices, SpringSecurity, Maven, PostMan, SQL
- Developed multiple services which are connected with each other by using API Gateway, Fault Tolerance and Spring Security, ensured code quality and performance
- Ensured data security

EDUCATION

B.Tech in Computer Science and Engineering

Bipin Tripathi Kumaon Institute of Technology

📅 01/2021 - 01/2025   📍 Uttarakhand, India

12th Standard (PCM)

Beersheba School

📅 01/2009 - 01/2020   📍 Uttarakhand, India

SUMMARY

I am a Computer Science student at Bipin Tripathi Kumaon Institute of Technology with a strong focus on Full Stack development. Continuously improving coding skills and logic, and enthusiastic about software technology. Experienced in Java, Data Structures and Algorithms,FrontEnd(React) and BackEnd(SpringBoot). I am seeking a challenging Java Developer role to leverage my technical skills where I can learn, grow, and contribute to innovative projects.
